KITCHEN

Induction Hob

NEW

800 Series

KIS87553IT

80CM 5-Zones

Cut-Out: 750(W) × 490(D) mm

- SenseBoil & Fry prevents boil-overs and burnt food.
- SaphirMatt SE hobs deliver up to 3X less visible scratches*
- DoubleBridge creates two larger cooking surfaces.

FREE

3-Piece Stainless Steel
Pot Set (worth \$269)

Smart sensors, optimal results

No more boil-overs or burnt food. With **SenseBoil & Fry**, smart sensors intuitively lower the hob's heat, preventing your pot from boiling over or your fried food from burning – for even and consistent results.

Twice the cooking space

Need extra space? **Double Bridge** combines two zones into one larger surface, balancing heat and timing automatically. It's ideal for plancha grill plates, large pots and roasting pans.

Hands-free hood

With **Hob2Hood**, the hood's fan speed adjusts automatically while you cook, keeping the air clean and fresh so you can focus on your favourite dishes.

Sear. Stir-fry. Boil.

Instant heat when you need it. **PowerBoost** delivers a quick burst of heat for rapid boiling, searing, and stirfrying, then automatically adjusts to keep your cooking steady.

Timed to perfection

Set **individual timers** for each cooking zone that automatically switch off when time is up. Perfect for multi-tasking, whether preparing for dinner party guests or a family gathering.

* Based on abrasion tests conducted by external Swiss laboratory in accordance with international standard IEC 60068-2-70. Scratch visibility is assessed internally in comparison to our standard glossy glass hobs without special treatment or coating.

KITCHEN

Designed for the way you cook and live

Thoughtfully designed to support everyday living with smart functionality, seamless flow, and modern comfort - creating a space that fits the way you cook and live.

- Fuzzy logic adapts settings for great results.
- Quick cycles for single items or small loads.
- Soft-close lid closes silently and safely.
- TubClean keeps your machine hygienically clean.

Climate Vouchers

Redeem your climate voucher and enjoy it at a lower price.

Adaptable cycles

The fuzzy logic option automatically adapts washing, rinsing, and spin speed settings to deliver superb wash results. Sensors detect the position of clothes in the machine and carefully adjust drum movements to reduce tangling, while improved rinsing performance also reduces detergent stains.

Quick cycles for flexible wash

Quick washes give you the flexibility to adapt your laundry to your schedule. Quick cycles offer 3 level from 27, 28 and 31 for maximum 3.5 kg load.

Quiet. Safe. Efficient.

The soft - close lid utilises soft-closing hinges to ensure silent and safe operation. The scratch resistant surface can also be used as an additional work area in your laundry room to maximise space.

Clean machine. Clean clothes

The TubClean option keeps your washing machine hygienically clean and in optimal working condition for longer. TubClean spins the drum rapidly to create a high-pressure water jet that removes residues from the tub. By removing dirt and grime from the appliance you can continue to enjoy hygienically clean and fresh smelling wash results, every time.

FLOOR CARE

Wet & Dry Vacuum

700 Cordless Cleaner
EFP72315S

- All-in-1 Station helps maintain suction power even after 8 weeks* - it auto-empties the dust bin, trapping 99.999%** of dust in the 3.5L dustbag.
