Refrigeration

Confidence to create
great taste

Scan me

Our belief

We believe it's time for
a taste revolution.

By changing the way we source,
treat and eat food, we can
improve the effects on both our
health and our planet.
Even small changes in behavior
can make a big impact for
the better. Because few
things are more pleasurable than
sharing a delicious meal. That's
why we champion those who are
passionate about taste and want
to cook and enjoy more mindfully.

Swedish thinking.
Better living.

Refrigeration

Streamlined simplicity

A fridge should be a statement in your kitchen and Electrolux makes sure it's one of the most striking features in your kitchen. Ours are available in different colours for different ranges – dark stainless steel, arctic silver, high gloss black or champagne gold for a seamless and elegant look.

Keep it cool

The fridge door is one of the most opened in any household, which is why we came up with EvenTemp technology to help maintain the perfect temperature inside your fridge. It automatically detects when it needs to begin cooling, keeping the temperature down to lock the freshness in.

Energy Efficiency

Make an impact on your energy bill, your energy consumption and most importantly the environment. Thoughtfully designed inside and out, the Electrolux NutriFresh® refrigeration range offers energy efficient and an outstanding performance without compromise. That means lower running costs for you and a smaller footprint for the environment.

Thirst-quencher*

Our water dispenser models allow you to effortlessly grab a chilled glass of water directly through the fridge door. And with a 4L water tank you can pour 16 glasses** of water before needed to refill.

*Available on selected models.
** Based on metric cup of 250ml.

Multi-door features

Intuitive door design

With optimally split doors you have more usable space in your refrigerator door and can effortlessly reach for larger items, saving you the need to open both doors every time.

Fresh is best

Our innovative TasteLock crispers automatically control the humidity levels to keep your fruit and vegetables at their best for longer. While Easy-glide crisper drawers open effortlessly, even when they're full.

Thirst-quencher

Like a cool glass of pure, filtered water on cubed, or crushed ice? Your fridge is there to deliver, any time of the day or night – at the touch of a button. And you'll find the compact ice maker makes hot summer days or dinner parties a breeze.

Smart on space

The thoughtful Slide-back and Flip-up shelving means you can store that two-tiered birthday cake for the big moment, no problem.

SnackZone

The SnackZone is the ideal compartment for keeping those smaller ingredients separate for easy access such as fruit for your morning smoothie allowing you to be prepared before the week begins.

UltimateTaste 900
Multi Door Refrigerator

EHE6879A-B 541L
Dark stainless steel

Overall dimensions

913W x 1782H x 746D (mm)

Features

- 5 preset temperature
- TasteLockAuto
- TwinTech cooling
- Water & Ice dispenser
- Flip Up Shelf
- TasteGuard deodoriser
- UltraChill @-2°C

Features

- TasteLock
- TasteGuard deodoriser
- NutriFresh inverter
- EvenTemp
- Twist and Serve ice maker
- QuickChill
- QuickFreeze
- Door alarm
- Moveable ice tray and box

We protect food quality by delivering on the 3 key elements of preservation

Regular freezer storage

TasteSeal storage

Sealed environment

Tender meat and delicious seafood, always stored and cooked from fresh. The TasteSeal compartment maintains a consistent temperature of -2°C to keep your best ingredients in prime condition for up to 7 days* without freezing. This means that you can always cook from fresh to serve meat and seafood that is juicy in texture, bright in colour, and delicious in taste.

* Passed TUV Rheinland testing of microbiology plate count in salmon, chicken, and beef. Average weight loss <2% after 7 days. Sample tested EBB3702K.

TASTELOCKAUTO

Right humidity

TasteLockAuto maintains a humid environment to keep fruits and vegetables fresh and bursting with flavour for up to 7 days.

This membrane is spun HDPE threads that are pressed to form a sheet which allows water vapour and gases to pass through

Stable temperature

EvenTemp keeps your food tasty for longer by minimising temperature fluctuations. By cooling each shelf individually, a consistent temperature is maintained throughout the entire compartment, preserving taste and texture for longer.
